10K & 5K RACE REMINDERS

- All race participants must pin race numbers on the **front** of their shirt.
- This race will be chip timed by 5-Star Timing.
- Both races will have chip start which means that your individual time will not start until you cross the starting line. We encourage runners to take advantage of this and spread out.
- Walkers and those with baby strollers should position themselves near the rear of the starting line-up.
- There will be water stations at approximately 2.5K, 5K, and 7.5 K. There are no bathroom facilities on the route.
- Course marshals will be stationed throughout the race to cheer you on, help stop traffic if needed and give directions. View route by clicking HERE!
- Timing will stop at 10:30 am.
- Enjoy post-race refreshments including coffee from Human Bean, breakfast treats, and fruit.

1-MILE RACE REMINDERS

- All race participants must pin race numbers on the **front** of their shirt.
- The 1 mile is manually timed, so stay in finish order once crossing the finish line. Volunteers will be present in the finish chute to help runners remain in their finish order. Once they have recorded your runner number, you may exit the finish area.
- Each runner should cross the finish line only once. Only runners registered for the 1M should enter the chute.
- **Note: The 1 mile race goes through the finish for the 5K and 10K- don't stop, keep running. The 1 mile finishes where it starts!**
- View route by clicking HERE!
- Course marshals will be stationed throughout the race to cheer you on, help stop traffic if needed and give directions.
